

Hello Everyone,

With the effects of COVID-19 still impacting all of us, we wanted to share some additional resources that we have been utilizing here at CURIS.

1. If you missed our **Free Webinar: Sustaining Telehealth and Virtual Communication Post COVID-19**, it was one of the most popular yet! We have decided to share the recording with everyone, even if you didn't register. There were a lot of great questions asked at the end by the attendees. So, make sure to watch the full video. [View](#)
2. **COVID-19 Communication and Response for Business**- This document may help you to develop/edit a response plan for your Health Center and includes a Communication Template for sharing with your team. Additional resources and tool links are listed at the bottom of this document. [Download](#)
3. **COVID-19 Prevention Flyer**- This is an info-graphic flyer designed to print out and put around your Health Center. [Download](#)
4. Last, we have a link to a resource developed by another company for communication about COVID-19 and your business plan.

As always, if you have any questions for us or are looking for any specific resources that we did not cover, please don't hesitate to reach out. We look forward to hearing from you this month! Have a great May and stay healthy!

The CURIS Consulting Team

Changing - Creating - Connecting - Coordinating

How is CURIS adapting to the current regulations in order to continue supporting their clients?

As you may know here at CURIS we spend a lot of time on-site with our clients. Whether we are there for a site visit, a hands-on assessment, a training workshop, or a special request. We are known for our "boots on the ground" approach when working with our clients. So, now that we are unable to travel, we have had to modify our approach.

Our consultants have leveraged technology to conduct all of our consulting services and continue to drive value for our Health Centers, HCCNs, and PCA clients. We already frequently used teleconferencing for webinars and weekly calls. Therefore, we were able to easily increase the use of live teleconferencing for virtual site visits, coaching sessions, trainings, etc. We want to ensure we have frequent touch points with our clients so we can continue to drive improvements even in the face of great adversity and crisis.

If you have any questions on improving your personal use of virtual communication (or telehealth), please reach out!

Culture of Excellence
Training Program

June CURIS Webinar:

Topic: What Can't Be Ignored During COVID-19: FTCA, QI/QA, and More

Who: Shannon Nielson

To register for this free webinar: [CLICK HERE](#)

Where are we next?

All travel and in-person speaking engagements are on hold until travel is permitted safely.

We are pleased to be able to hold virtual training seminars and webinars as requested by our clients.

Want to book us?

CURIS Consulting Team conducts several speaking engagements a year at various conferences. If you are interested in having one of our consultants come to speak at your conference, please contact: info@curis-consulting.com.
